EAH Healing Your Relationships; A large series of BRAND NEW healing tools to bring healing to your relationships in many focused ways and areas.

We are *in relationship* with everyone and everything inside and outside of ourselves.

We are in relationship with all of life

And when we heal our relationship with all of life, we heal at the deepest and highest levels.

This is what Energetic Allergy Healing is all about and why it creates huge transformation in our body, for our health, but also in our lives!

The first healing tool that is part of this series is:

The Deep Relationship Healing - a tool you can direct as you listen to any relationship that needs healing. An incredible, versatile tool that you may find becomes a favorite (many tell me they use it everyday with profound results)

This healing tool is complexly layered to bring deep healing to our relationships. Clearing many types of distorted patterns and energies that we are holding in our connections to others, patterns that we have taken on or are storing in our body and our energy bodies.

This includes resolving and dissolving hooks, cords, attachments, oaths, vows and contracts which create resistance, disconnection, and separation and keep us stuck in painful patterns within the relationship we direct this healing to. It's clearing past life trauma, clearing out low vibrational stress, overwhelm, fear, anger, resentment, grief, and conflict patterns within the relationship, it's clearing distorted love patterns, love patterns that are bound with conditions, with unhealthy expectations, limitations, and obligation.

It's also bringing in healing for the thyroid gland, thyroid hormones and throat chakra, clearing trauma and other patterns within the relationship where we haven't been able to speak our truth, voice our opinions, wants or needs, where we have been or felt repressed, suppressed and controlled and much more.

This healing contains following tools which are all being directed to the relationship you are focused on healing when you receive it:

Sacred Light OPEN and CLOSE, Relationship Trauma Release, Harmony, Peace and Balance Restored, Resolving Inflammation, Spiritual Boundaries, Soul Trauma, Psychological Abuse Trauma, Inner Child Allergy Release, Forgiving the Unforgivable, AA Azriel and the Golden White Cocoon, Deep Release; Guilt, Shame and Unworthiness, Thyroid Gland, Thymus Gland and Adrenal Gland Healing and Sacred Light Level 2: Stand Your Ground.

Healing Your Relationship with Your Body Series:

This 12 part series is designed to heal your relationship with your body as whole and with your main body systems, including the organs, glands and other body tissues that make up those systems.

It is clearing distorted energy patterns, like trauma, programming, stuck emotions, hooks, cords and attachments, oaths, vows and contracts that are creating resistance and disconnection for you with your own body.

There is SO much healing layered into each of the healings that make up this series, each with allergy healing at their core for tangible shifts and healing for your health and your life.

When we have multiple inflammatory patterns going on in our body, (which means we have a lot of trauma and other low vibrational energy patterns that we are holding in our body), it is difficult

to connect to our body, to BE IN our body, which is essential for proper grounding, for restoring health, for feeling more vital energy, for becoming more intuitive, for being more “present” and for harnessing our own creative abilities.

When we work on healing our connection, or relationship with our own body we become healthier, happier, and more vibrant. It becomes easier to take care of ourselves and our own needs.

We begin to align with people, things, and experiences that are for our highest good.

We become more open to life, to love, and to our own special magic.

We become more aware of the messages our body is giving us so we can support our body easier and better.

And that is a short list of benefits!

This is what this series is all about!

It's clearing allergies to ALL of my EAH Body allergy healing kits - almost 3000 detailed parts of the body!

This is a HUGE piece of the puzzle for healing allergy symptoms, pain and disease and rebuilding a stronger healthier body.

It's also utilizing many spiritual technologies and other EAH and Sacred Light Healing Tools to clear programming like:

I hate my body, hate humanity, hate the earth, distrust my body, humanity, and/or the earth.

I reject my body, reject humanity, reject life, reject the earth, anywhere I have to abandon myself, my body, humanity, or the earth to survive.

My body is broken, faulty, disappointing and/or my body lets me down

And bringing in powerful downloads like:

I know how to love my body

It is safe for me to connect to my own body, to know my own body, to reside within my own body.

I know how to connect with my body without fear of what I will find there.

I know how to heal my body

I know what it feels like to feel good, to feel safe, to be at peace, to be in harmony with my own body

I know how to forgive my body

I know how to support my body

My body gets stronger and stronger each day
I understand that body is Sacred just as I AM Sacred
I know how to see my body as beautiful, as whole, as healthy
I trust my SELF, I trust my body
I totally and unconditionally accept and love my SELF
I AM worthy
And so many more!

The emotions/feelings irritation, annoyance, and aggravation are commonly a part of environmental allergies so we are working with those along with other emotions, so this is a good healing to utilize when you are feeling those feelings.

WEEK 3

Healing Your Relationship with Your Home -

This healing tool made me so happy when I created it as it made a lot of what I do for myself and others for clearing common (and not so common) allergies to things in the home and our yard so much easier and faster!

There are countless energies in our home environment that could be “throwing us off”, causing confusion, instability, and various health problems, so we need to do healing/clearing work here!

This healing does that in a big way as it brings in the power of the Sacred Light Purification Healing Tool which purifies and protects us and our homes and combines it with allergy healing for my home kit (many things found in our homes that people are commonly allergic to and are contributors to many health issues, like dust, flooring, heating and cooling systems, insulation, paints, roofing materials, radiation, and much more) and continues to go even deeper with specific belief work and downloads to bring you into harmony with your home and the land you live on.

It utilizes many spiritual technologies to keep protection in place and continue to clear out unwanted energies from our home environment.

You can also use it for other places you stay or spend time in other than your home, like hotels, or relatives homes you visit, so it's an extremely helpful tool to have on hand!

This healing has just one focus, a necessary and incredibly important focus for healing our bodies and our lives.....cleaning up distorted perceptions and understandings of love. Beliefs, trauma, emotions and other energy patterns that we carry from our experiences that tell us love is fear, that love is guilt, is shame, is punishment or abuse and ultimately aligning us with love in it's pure, true form and expanding our ability to receive it from others and to give it ourselves.....unconditionally and without judgment.

WEEK 5

The EAH RX Series:

The Daily Multi RX

This healing is part of a series created to bring in a high energetic level of support for your immune system/immune health in a specific way.

This healing tool accomplishes this in a few different ways. One is by downloading and activating the properties and frequencies of the vitamins that are necessary and supportive of your body, your immune health and function.

Another is by Downloading, Activating and Healing the whole body with pure compassion, Divine Creator/Source Love, and forgiveness.

And most important in healing the immune system: Healing allergies to those critical nutrients needed to create a healthy body (focusing on Vitamins A, B Complex, C, D, E, F and K here), and the parts of the body, emotions, and pathogens needed to accomplish this as well.

Energetic Allergy Healing is the best way I have found to assist the body with absorption of the nutrients our body depends on to create healthy cells and tissues and for optimal function. Most people are actually allergic to vital nutrients like minerals, vitamins, healthy fats, and proteins and just aren't aware of it.

But when we are, we are unable to use or absorb these nutrients and our immune health declines over time as it spirals from lack of proper nutritional support, often becoming severely deficient even when taking vitamin and mineral supplements.

The result is the ability to absorb and utilize vital nutrients and a body that begins to rebuild itself getting stronger and healthier day by day. This can especially be felt as the cells of our organs, glands and many of the body tissues renew every 3 months or so. People feel better and can experience a stronger body and increased energy over time.

Includes Allergy Healing for digestive enzymes, blood kit, skeletal system kit, brain, heart, nervous system, all organs and glands kits, inflammation kit, immune system kit, Vitamin A, Vitamin B Complex, Vitamin C, Vitamin D, Vitamin K, Vitamin F, Vitamin E, the earth, grounding, the moon, moon radiation, sun, sun radiation, radiation kit, people, places and events kit, spiritual kit, emotions/feelings kit, and the environmental factors kit.

The immune Support RX

(Includes healing to create immunity for Covid and other Corona Viruses and also now includes vaccines including Covid Vaccines)

Instructions: Run when coming down with a cold/flu or dealing with infection, or when around others who are sick using it to create immunity for flus/colds, or when you feel like you are "coming down with something", or running daily during flu season, run 2 to 3 times a day until symptoms abate, and then to run it once a day for 2 or 3 days after symptoms are gone.

This healing is part of a series to bring in a high energetic level of support for the immune system and immune health.

This healing tool accomplishes this in several ways. One, by downloading and activating the properties and frequencies of the vitamins and minerals and other nutrients essential and supportive of immune function as well as homeopathics to support immune function and to help you release some specific viruses and bacteria that commonly create health challenges for people.

Another is by downloading, activating and healing the whole body with pure compassion, Divine Creator/Source love, and forgiveness.

This healing is also using Spiritual technologies to amplify the healing effect with specific viruses and bacteria.

And most important in healing the immune system: Healing allergies to those critical nutrients needed to create a healthy body, healthy immune system, and the parts of the body, and emotions needed to accomplish this as well, AND healing allergies to viruses and bacteria themselves.

Energetic Allergy Healing is the best way I have found to assist the body with absorption of the nutrients our body depends on. But when we are, we are unable to use or absorb these nutrients and our immune health declines over time as it spirals from lack of proper nutritional support, often becoming severely deficient even when taking vitamin and mineral supplements.

Energetic Allergy Healing is also the best way I have found to assist the body with releasing pathogens like viruses and bacteria and calming down the inflammation and pain they can cause. It's pretty mind blowing to discover how many of our pain patterns and health issues have bacteria involved and miraculous to see all the health challenges that heal when we identify the pathogens involved and heal them as allergies the way this modality does.

This Healing includes Energetic Allergy Healing for: for many parts of the body including the immune system, masks, all vaccines in my kits including Covid vaccines, vaccine ingredients, vaccine trauma, astroviruses, arenaviruses, enteroviruses, parainfluenza type 1,2,3, and 4, Influenza type A, B, and C (all from allergy kit), CoronaViruses, MERS-CoV, SARS-CoV, SARS-CoV-2, COVID-19 (all variants), Beta strep A, Beta Strep B, Beta Strep C, Beta Strep D, Mycoplasma H, Mycoplasma O, Tuberculinum bacteria, Streptococcus bacteria, Herpes Viruses 1-8, Babesia, Borrelia Bacteria, Candida Albicans, grief, sorrow, sadness, fear, panic, terror, anxiety, overwhelm, anger, hatred, rage, confusion, control, manipulation, suppression, repression, guilt, unworthiness, shame, resentment, environmental factors kit

WEEK 6

Digestive Support RX Healing

This healing is part of a series to bring in a high energetic level of support for the digestive system.

It is downloading and activating the properties and frequencies of the vitamins, minerals and other nutrients essential and supportive of digestive function as well as the energies of specific homeopathics to help you release bacteria like E coli, H-Pylori and Salmonella that are often playing a role in digestive problems and we often aren't aware of it.

It is also downloading, activating and healing the whole body with pure compassion, Divine Creator/Source Love, and forgiveness, and doing deep relationship healing work for the parts of your body that make up this system, and utilizing Spiritual Technologies to amplify the healing effect with the bacteria and other pathogens we are working with in this healing.

And most important in healing the digestive system: Healing allergies to those critical nutrients needed to create a healthy body, healthy digestive system, and the parts of the body, bacteria/pathogens, and emotions needed to accomplish this.

Urinary Support RX Healing

Note: If using this healing to clear/heal a bladder/urinary tract infection run it 2 or 3 times a day until symptoms abate, and 1 or 2 times a day for 3 more days.

Description: This healing tool is often all you will need to quickly shift a UTI, as it contains Candida along with the most common bacteria and viruses that cause UTIs and other inflammatory patterns in this body system, as well as the emotional aspects like rage, anger, suppression, repression, control, resentment to name a few and common allergies that are often behind these infections as well as other disease and dysfunction.

Full Moon/Moon Cycle Healing

During specific cycles of the moon, especially that full moon and new moon period, we can feel emotionally unstable, ungrounded, and confused. Our emotions can even feel intense and unpredictable during these times, even volatile.

Some often become sleep challenged, or have physical symptoms pop up during these windows of time that are connected to the systems and processes of the body that are governed or influenced by the moon.

Powerful doorways are opened to us during these times - activating major life cycle experiences.

More babies are born during these times and more people die during these times.

Because of this fact alone, we can be holding a lot of trauma that is triggered during these times.

This healing is focused on clearing those traumas, bringing stability, harmony, peace and balance into all parts and aspects of you.

As well as activating your Divine potential as you step through these powerful windows in time that are always offering you healing, to transform pain into love, and the opportunity to create or manifest abundance in your life.

This is healing your relationship with the moon and moon cycles and energies so you can move more smoothly through them, but also so that you can fully access and harness the incredible power and gifts that are available to you at these times.

A SL Filter is also working for you here to filter out and protect you from all people, beings, and entities that are vibrating at a frequency that is less than love that has taken over the moon, hijacked the moon, taken control of the moon and it's gravitational and energetic influence on all sentient lifeforms on this planet, and to all who are manipulating the moon and it's power to negatively influence and/or impact or affect our human cycles, hormones, hormone cycles, reproductive hormones and cycles, master glands, endocrine system, circadian rhythms, and brain chemicals/neurotransmitters.

I was also shown that the Spiritual Technologies that are part of this healing are cleansing and activating you like a crystal outside being bathed in the full moon light.
